5 Published Clinical
Practice Pathways

CLINICAL CARE

12 MEDICAL
CENTERS

NEARLY

500,000

families served in the Network
since our founding

56,000⁺

families have received family
navigation services since 2015

CLINICAL REGISTRY

Largest Autism
Medical Registry
Consists of
Clinical Data
from Over

7,000

In 2019 the Registry data will be
moving to an open-access platform

TRAINING AND OUTREACH

The Network has
Provided Training
to Nearly

300,000

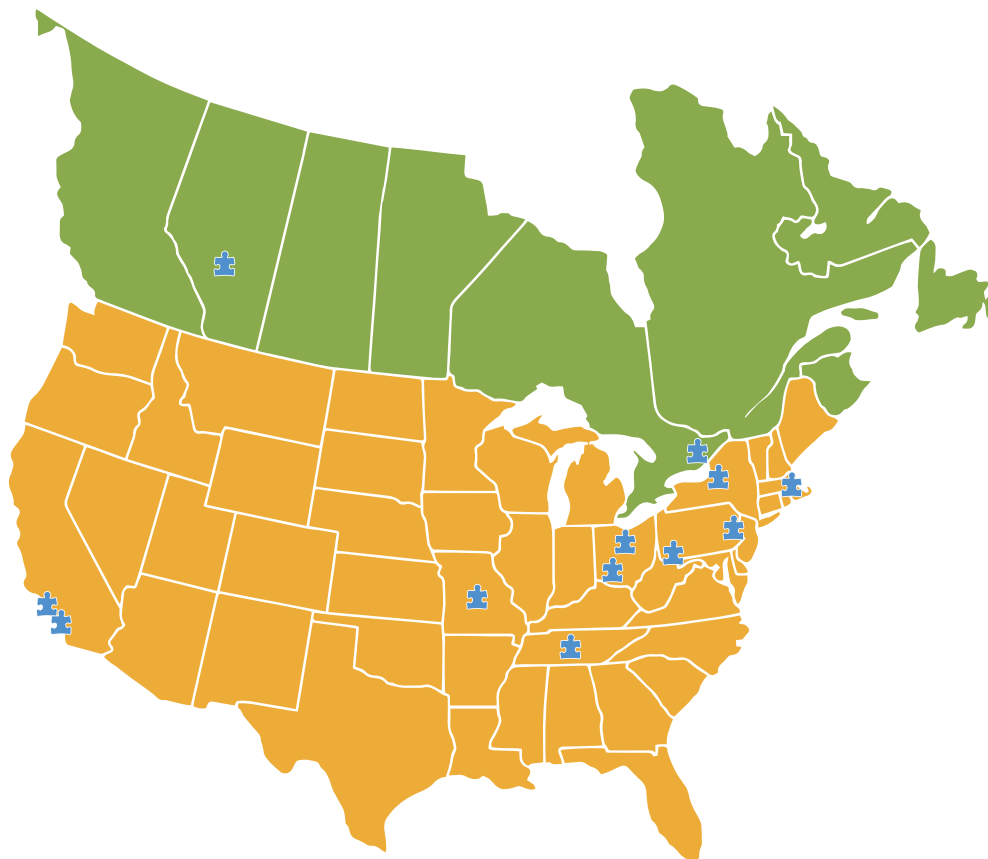

community, families and providers
from various disciplines

AUTISM LEARNING HEALTH NETWORK

Transitioning to an
innovative Learning
Health Network to
expedite the translation
of research and clinical
best practice findings
into improved care

The ATN/AIR-P Network activity is supported by Autism Speaks and cooperative agreement UA3 MC11054 through the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal and Child Health Research Program to the Massachusetts General Hospital. This work was conducted through the Autism Speaks Autism Treatment Network.
